

FIND YOUR PERFECT GLS™ PRO-FIT™ CONCEALMENT HOLSTER

GLS™ PRO-FIT™ FEATURES:

- The GLS™ (Grip Locking System) **releases easily** and naturally with a proper shooting grip using the middle finger as you draw
- Proprietary SafariSeven™ material is completely **non-abrasive to firearm's finish**
- Sight Channel™ design accommodates **raised sights and mounted optics**
- Paddle rides close to the body and is the **most comfortable ergonomic design available**
- **Fits over 250 firearms**, adjustable for customized fit

GLS retention naturally releases easily via the middle finger as a proper shooting grip is acquired.

**INNOVATION
NOT IMITATION®**

IMPORTANT FIT INFORMATION

THE SAFARILAND PRO-FIT HOLSTER MUST BE ADJUSTED BEFORE USE

Some holsters will simply require adjustment via an Allen socket screw for proper fit. Others will require the addition of a shim (included in the holster package and noted on the outside of the package and front of this document).

As a general rule, your pistol will require the installation of the enclosed trigger shim if the trigger guard is less than ½" in width.
